Family Health International (FHI 360) is a non-profit human development organization dedicated to improving lives in lasting ways by advancing integrated, locally driven solutions. Our staff includes experts in Health, Education, Nutrition, Environment, Economic Development, Civil Society, Gender, Youth, Research and Technology, creating a unique mix of capabilities to address today's interrelated development challenges. FHI 360 serves more than 60 countries, all 50 U.S. states and all U.S. territories.

FHI-360 is leading a consortium of International and Private Partners in implementing USAID Feed the Future Ethiopia Community Nutrition Activity that aims to improve the nutritional status of women, children, and adolescents through increased and sustained improvements in eleven high-impact behaviors that have proven highly effective in reducing malnutrition. These objectives will be realized through enhanced individual and community agency and demand for services, improved access to quality nutrition services at the community level, and improved capacity and coordination among nutrition stakeholders across sectors,

FHI 360 Ethiopia hereby invites applications from reputable Printing suppliers to submit quotations for the procurement of visibility materials.
